

Return Shipping Form for Valves, Returns or Repair Work

Please complete, print and manually sign the return shipping form and **attach it to the outside of the shipment** in an easily accessible manner, example together with the delivery note. In addition label the packaging, if necessary.

Mankenberg GmbH exclusively accepts return consignments of valves or their repair in connection with the duly completed return shipping form. This measure serves to assure the protection from health hazards of all persons coming into contact with the product.

 We also point out that valves contaminated with substances and preparations classified as sensitising, cancer-producing, toxic for reproduction and highly inflammable in accordance with GHS hazard class and category (and/or EU hazard labelling) , will not be processed and will be returned to the sender's expense.
